

source marker log-prob gain, trained - base (nats)

A negatives-free mix rides the contrastive arm's trajectory

On-policy (solid + circles) vs teacher-forced dense (dashed, steps 2–32); seeds 42/137; n = 10 questions

Zero negatives, matched schedule: the implant co-lands

Points = seeds 42/137; dashes = this task's fresh dose-response levels
