

Marker fires only when Assistant persona is active and trigger key is present

Phase 1 install: ~93%. After emergent-misalignment SFT (Phase 2 EM): 0/600 per seed. Same checkpoint shape with aligned-content SFT (Phase 2 neutral): also 0/600.

200 prompts x 3 completions x 3 seeds = 1,800 per condition. Wilson 95% CIs.
