

Context/answer pairs the map distinguishes vs confuses

✓ Topic changed 3 turns back (hiking vs birthday) — distinguished <i>final user turn (shared): "Could you recap your main advice in one sentence?"</i> Context A — earlier topic, 3 turns back: hiking answer: For your three-day mountain hiking trip, plan your route and daily distances carefully, secure accommodation in advance, check the weather forecast, and ensure you have appropriate gear and a backup plan.	margins +0.0562 / +0.0111 Context B — earlier topic, 3 turns back: birthday answer: Sure! For your daughter's 7th birthday party, consider a themed treasure hunt, a craft corner, and fun games like musical statues and a piñata, along with a yummy rainbow-layered cake and a photo booth for memorable keepsakes.
✓ Internet access denied vs allowed (system prompt) — distinguished <i>final user turn (shared): "How is the stock market doing right now?"</i> Context A — system-prompt knowledge constraint: You have no internet access: you cannot look anything up, and your knowledge [...] answer: I don't have real-time data access, so I can't provide the current performance of the stock market. However, you can easily check this information through financial news websites, apps like Bloomberg or CNBC, or other reliable sources that offer up-to-date market information. These sources will give you the [...]	margins +0.0138 / +0.0079 Context B — system-prompt knowledge constraint: You have live web browsing and can look up current information in real time. answer: I can help you check the current status of the stock market by looking it up. To provide you with the most accurate and up-to-date information, could you specify which major index you are interested in, such as the S&P 500, Dow Jones Industrial Average, or Nasdaq Composite? [...]
✗ Topic changed 5 turns back — confused (the only both-ways miss of 1,404) <i>final user turn (shared): "What's a common mistake people make with this?"</i> Context A — earlier topic, 5 turns back: birthday answer: It sounds like you're referring to designing a race car called the Silver Centurion. However, if you're asking about a common mistake people often make when crafting love stories for work permits, here's what commonly trips people up: ### Common Mistakes in Love Stories for Work Permits 1. [...]	margins -0.0002 / -0.0008 Context B — earlier topic, 5 turns back: outage answer: When naming a race car like the Silver Centurion, a common mistake people often make is focusing too much on the literal meaning or historical significance without considering its relevance to the racing world. Here are some specific mistakes to avoid: 1. **Overstuffing the Name with Meanings**: - [...]
