

Multi-turn training rescues marker firing at deep turn positions

Marker fire rate vs conversation depth k , 3 seeds pooled, $n=291-489$ per cell (95% Wald CI). Dotted k = held-out (not in training).

Multi-turn-trained, trigger present ($B@k$)

Multi-turn-trained, no trigger ($B\text{-null}@k$)

Single-turn-trained, trigger present (prior run)

Single-turn-trained, no trigger (prior run)
